## THE BEE TRIMMED HATS

Ladies' Misses'

Our stock of French Pattern Hats is now complete. We are showing a greater variety of styles this season than ever before. Our success in this department convinces us that ready-to-wear millinery has come to stay. The hats we show are patterned after the very latest styles shown in the large cities of the East, and it stands to reason that they are purchased in such large quantities as we buy them they can be sold much cheaper than you will find elsewhere. You may have some prejudice about buying a ready-to-wear trimmed hat. Examine ours and we believe you'll change your sentiments. Prices \$1.75 to \$5.95.

### REAL EXCELLENCE IN DRESS GOODS.

Critical and reliable judges have pronounced our fall dress goods stock the best ever shown in this community. The semi-annual visits of our buyer to the Eastern markets make the above assertion appear merely as a reasonable expectation. The very latest fabric creations are Black velvet, Black tulle, the new Satin Cloths, Solis, Lizard Cloths, Clay Worsts, Cheviots, Venetians in prices from \$10 to \$22.50, and then, too, there is the new French Camel's Hair, Gilt Cloths, Plaid, Knickerbockers, Zibelines, &c., from \$20 to \$108. It's a stock worthy of your inspection. You need not buy.

### NEW MERCERIZED UNDERSKIRTS.

We haven't the space to say much about them. Briefly, they're the best we have ever shown. Nearly come with large accordion plait. Prices from \$5.00 to \$10.00. Blacks and all colors.

### THE CENSUS IN BOWERSVILLE.

We're a'kickin' on the census count down here in Bowersville. The figures that they give out is a mighty little bit.

An' Jintown—well, they must 'a' enumerated Jintown's geese! But Bowersville! The census shows she hasn't grown at all. An' there's the rage and wrath 'em Henry's store clear to the 'City Hall'.

We can't see now they figure it, for it has been our pride that in the last ten years there's only been two men that died. One of 'em was a peddler, who just guessed for length and went. When Deacon Skinner didn't ask him to throw a cent.

The other was a fellow who fooled with some dynamite—Just a button an' a freckle was the only things to light.

But, gee-un-mum! There's Higgins' twins, an' Peeler's girl an' boy. Besides the triplets that has come to Hoesek! McCoy.

An' other babies! Man alive! You can't walk anywhere 'Til you bump' in to 'em. With your young sons and heirs.

It's just a old percession 'em the school-bus to the mill. Bowersville is in danger of shrinkin' Omaha.

For all that, Bowersville is in danger of shrinkin' Omaha.

He Was Found in This City Last Night by Constable Dawson.

Jack Shepard, one of Maysville's "400 Jailbirds," was arrested and placed in jail at Newport for stealing some rope and anything else he could get his hands on that wasn't nailed down.

One evening about supper time when Jailer Blitt went to place the daily roll menu before the hungry sticky-fingered Shepard he found that gentleman out—probably looking for the lost sheep.

Shepard strolled around the country for several weeks, finally landing in Maysville, his old home.

Last evening while discussing some future plans on the Tariff of Money question, Constable Dawson hove in sight, and Jack immediately proceeded to make himself scarce.

But the heavy Constable could make a fast run too, and he finally overhauled the Shepard and landed him in the Mollave sheepfold with the rest of the flock.

He will be taken back to Newport as soon as the authorities there direct.

**KNIGHTS TEMPLARS.**

The Meeting at Louisville Expected to Benefit the State.

One hundred thousand dollars is to be spent in Louisville in entertaining those who attend the twenty-eighth Triennial Conclave of the Knights Templars of America to be held there August 27th, 28th, 29th, 30th, 1901.

Thirty-six committees are now actively at work making preparations for this meeting, which will bring to Kentucky the most magnificent body of men ever before assembled. Indications point to at least 5,000 uniformed Templars coming, many of them accompanied by their wives or sisters.

Nearly all keep open house during Conclave week and as a sample of their expenditures may be cited the Golden Gate Commandery of San Francisco. It has rented an entire floor in one of the big hotels in Louisville and will receive daily from California during the Conclave a carload of wines and fruits.

One of the features of the coming Conclave will be the sale of several big stock farms, and much timber and coal lands.

# DRAMATIC SCENE. THE EMPRESS ILL. OPERATORS TALK

Defendant Youtsey Apparently  
Lost His Reason and Acted  
Like Mad in Court.

HE STRIKE: "GOEBEL IS NOT DEAD."

Defied Arthur Goebel on the Witness  
Stand and Cried: "There's No  
Blood on My Hands."

The Prisoner Battled With the Of-  
ficers and Was Carried to His  
Cell—The Court Adjourned  
Until Wednesday.

Georgetown, Ky., Oct. 10.—One of the most remarkable scenes ever enacted in a Kentucky court room took place Tuesday night in the Youtsey trial, with the defendant himself as the chief participant. The court room was crowded to the walls with Georgetown's best people at the time and the excitement was intense and of description. One Armstrong, the Louisville detective, had just told of his talks with Youtsey before and after his arrest. Then Arthur Goebel, who put on the stand and Judge Ben Williams, who for the first time appeared for the prosecution, did the questioning.

Arthur Goebel said: "I talked with Youtsey the day he was arrested late in the afternoon in the jail in Frankfort in reference to the murder of my brother."

Youtsey contradicted Arthur Goebel. Just at this point Youtsey arose behind his attorneys and in a loud voice said: "It is untrue—it is a lie—I never spoke a word to that man in my life, nor to me."

Col. Crawford told him to be quiet and sit down and order took hold of him. "I will not sit down," he said, and said a word to that man in my life, nor to me."

Trustworthy Chinese Reports Say  
the Dowager Is in a Serious  
Condition at Tai-Yuan.

PAO TING FU EXPEDITION NOT READY

No Formal Action Was Taken by the  
United States Government on  
the French Note.

The Constitutional Questions In-  
volved Require Further Time  
for Consideration—A New  
Suggestion Made.

Peking, Thursday, Oct. 4.—The Pao Ting Fu expedition is waiting for the Germans who are not ready to start. It is reported that there are 12,000 Chinese imperial troops at Pao Ting Fu.

Gen. Chaffee has returned here. Peking, Sunday, Oct. 7, via Tientsin, Monday, Oct. 8, via Shanghai, Oct. 9.—Trustworthy Chinese reports say that the dowager empress is seriously ill at Tai-Yuan-Fu (province of Shan-Si), and the free hand of the emperor's affairs of state is regarded as a confirmation of these reports.

No Answer to the French Note. Washington, Oct. 10.—The French charge d'affaires, called on Secretary Hay late in the day, but learned that final action had not been taken on the French note and that it would be some days before the response would be ready. The constitutional questions involved require further time for consideration.

In a high diplomatic quarter the suggestion was made yesterday that the powers send a special envoy to Sian Fu, the new abode of the empress, to give her the assurance of the return of the emperor to Peking and giving guarantees for the personal safety of the imperial household. Such an envoy, it is noted, is accomplished much more than the circuitous negotiations through Chinese officials. The suggestion was also made that Chai Chi Tung, the chief of the southern provinces, would be well qualified to execute such a mission if the powers could be brought together in a collective request.

A JOINT MEMORIAL. Certain Chinese Officials Threaten to Resign Unless the Imperial Court Returns to the Capital.

Shanghai, Oct. 10.—The Chinese press reports that the governor of Shan-Tung and the ang-Tse viceroys have sent a joint memorial to the empress demanding it to be impossible to guarantee the return of the emperor to Peking to the emperor to Peking and giving guarantees for the personal safety of the imperial household. Such an envoy, it is noted, is accomplished much more than the circuitous negotiations through Chinese officials. Such an envoy, it is noted, is accomplished much more than the circuitous negotiations through Chinese officials. The suggestion was also made that Chai Chi Tung, the chief of the southern provinces, would be well qualified to execute such a mission if the powers could be brought together in a collective request.

Shanghai, Oct. 10.—The Chinese press reports that the governor of Shan-Tung and the ang-Tse viceroys have sent a joint memorial to the empress demanding it to be impossible to guarantee the return of the emperor to Peking to the emperor to Peking and giving guarantees for the personal safety of the imperial household. Such an envoy, it is noted, is accomplished much more than the circuitous negotiations through Chinese officials. The suggestion was also made that Chai Chi Tung, the chief of the southern provinces, would be well qualified to execute such a mission if the powers could be brought together in a collective request.

The Powder Item Is Simply a Matter  
of Bookkeeping—Miners Will Re-

in the Cost of the Explosive.

Seranton, Pa., Oct. 10.—Interviews with prominent operators here Tuesday elicited a uniform declaration that no further concessions or modifications of the present offer will be made and that the miners must take it or leave it just as it stands.

The purpose is simply to put an end to the howling about powder being sold at exorbitant prices. Powder is the basis of the wage scale, it is explained, and to decrease its cost is to increase the wages. In this region a decrease of \$1.25 in a keg of powder means a 7 per cent. decrease in the miner's expenses. Therefore, if he has his expenses reduced 7 per cent., he has his wages increased 7 per cent. The other 3 per cent. will be made up by increasing the al-

OPEN TO SETTLEMENT.

The North Half of the Colville In-  
dian Reservation Being Occu-  
pied by Land Hunters.

Spokane, Wash., Oct. 10.—The north half of the Colville Indian reservation was opened to settlement at noon Wednesday. Hundreds of home-seekers were already in the land and many were waiting close to the borders. Some "sooner" have already erected cabins and declare their intention to build valuable claims with Winchester if necessary. A great rush is expected at the Spokane and Waterville land offices, but little prospect is looked for owing to the great area of the tract thrown open, which is about equal in size to the state of Delaware.

Hartsenbach followed them and fired several shots at Kiebel and his family. Kiebel returned the fire and killed Hartsenbach. The jury found this verdict of justifiable homicide Tuesday.

## TWO REUNIONS.

Veterans of the Army of the Cum-  
berland and the Spanish War As-  
sociation Meet at Chattanooga.

Chattanooga, Tenn., Oct. 10.—All trains Tuesday night brought in additional veterans to the reunions of the army of the Cumberland and Spanish American War Veterans' association and there is now several thousand in the city.

The council of administration of the Spanish American war veterans held a meeting Tuesday afternoon. The meeting was behind closed doors, but it is understood that a proposition to unite with the other society of Spanish war veterans, the members of which saw actual service, received favorable consideration.

Tuesday night at the Auditorium Gen. Joseph W. Burke, of Mobile, Ala., delivered the annual oration before the Army of the Cumberland society. Among those occupying seats on the rostrum were Pension Commissioner H. Clay Evans, Gen. Daniel Slesars and Gen. H. V. Boynton.

The Spanish American war veterans held a meeting Wednesday, at which the annual oration was delivered by Gen. William J. McKee, of Indiana. Other addresses were made by Col. Richard Henry Savage, New York; Maj. Julius N. Killian, Nebraska; Col. Gracey Childers, Tennessee.

## REFUSED TO ANSWER.

Forty or Fifty Persons Were Ar-  
rested for Not Replying to Cen-  
sus Enumerators' Questions.

Washington, Oct. 10.—Information has been received at the census office which shows that 40 or 50 persons throughout the United States have been arrested for refusing to reply to questions of census enumerators. When the bill making an appropriation for the census was passed a penalty clause was embodied in it providing for a fine of not to exceed \$100 in case of any one refusing to answer questions of enumerators.

While 40 to 50 arrests were made over half a dozen fines were imposed, and those were small amounts, for the reason that when the situation of a court trial was faced by the culprits they decided it would be better to answer the enumerators' questions. In the cases of those who never did reply to the schedule of questions because they regarded it as an unjustified invasion of privacy, information obtained from some other source by the enumerators.

## HIS ANNUAL REPORT.

Judge Advocate General Lemley Re-  
news the Recommendations  
Heretofore Made.

Washington, Oct. 10.—The annual report of Judge Advocate Gen. Lemley to the secretary of the navy is in the main made up of a renewal of recommendations heretofore made for the enactment of legislation for the relief of sailors erroneously charged with desertion, compelling civilian testimony before naval courts, permitting the use of depositions before such courts, consolidating examining and retiring boards, and providing a modern system of classification for naval vessels. Emphasis is laid upon the fact that while such legislation would result advantageously to the department and the service generally, no expense would be involved.

## COAST D. FENSES.

The Board of Ordnance Recommends  
That No More Disappearing Gun  
Carriages Be Made.

Washington, Oct. 10.—The board of ordnance and fortifications has been holding a protracted session in Washington and adjourned Tuesday after taking important action regarding disappearing gun carriages. The board has recommended to the secretary of war that no more disappearing gun carriages be made. The consensus of opinion has been that the disappearing gun carriage was good for low sites, out the majority seemed to think it was not best for high sites.

The action of the board, if sustained by the secretary of war, will be of far reaching importance in the future of coast defenses.

## TWO PICTURES OF DEMOCRACY.

### THE NEW FORCE BILL.

Editorial Courier-Journal May 1, 1898.

"We republish this morning from the issue of The Courier-Journal for Friday, February 11, the Goebel Election Bill in full. The statement that The Courier-Journal has not published it is as false as the statements relating to us usually are. The pretense that we are afraid to publish it is answered by the act itself. It is a simple machine for turning over all elections in Kentucky to a centralized despotism at Frankfort, consisting of three Commissioners, to be elected by this Legislature, and having absolute power to determine who shall hold office and who shall not during their four years term of incumbency. This is not only usurpation of power. It is revolution in its broadest sense. It is not merely a force bill. It is a radical despotism. It disfranchises every voter in the state whom the Triumvirate at Frankfort, or their satraps in the counties, see fit, or find it needful, to disfranchise. At one fell swoop it abolishes free elections in Kentucky. If any man doubt this, there is the bill before his eyes. If he dispute it, he proclaims himself equally a conspirator and a falsifier. Nothing worse than this—more shameless, barefaced and absolute—has even been suggested in all the annals of Reconstruction, radicalism or misrule, in any age or any country. If the people of Kentucky submit to it, then they are a race of slaves, and will merit all the woes and ruin it brings them, including the heralding of their names as slaves, and the proud name of the old Commonwealth as a by-word to the ends of the earth."

### THE NEW DEMOCRACY.

Editorial Owensboro Messenger, February, 1900.

"The white, property-owning, respectable people of Kentucky are going to control the Government of this Commonwealth now and hereafter, and they are going to legislate some respect for law and public decency into the heads of 2,500 arrogant money-bags and their satellites and hangers-on, who have chosen to affiliate politically with 75,000 ignorant Negroes and as many more vicious and red-handed mountaineers. The struggle for supremacy is about over, and the end will prove in this state, as it has in other states, that only the people who are capable of good government will be permitted to govern."

The funeral of Mr. John T. Geis will take place from the M. E. Church this afternoon at 2 o'clock, with services by the Pastor, Rev. F. W. Harp, Interment in the Mayville Cemetery.
